

We chase the *miracles* of science to improve people's lives.

NCD capacity building program

Partner: Vital Strategies

Country: Laos

Website: [Vital Strategies: A Global Public Health Organization](#)

Duration: Mar'24 – Oct'25

Activity

HCP Empowerment

Disease area(s) in focus

Diabetes. Cardio

Other stakeholders:

MOH, Mahosot Hospital Laos

Project Overview:

The project focuses on building a government-led ecosystem to support NCD prevention, screening and management in Lao PDR. This will improve quality of lives by preventing or controlling noncommunicable diseases (NCDs) in Laos.

Achieved Reach

- 4468 People screened
- 2445 Patients diagnosed with HTN/DBTs
- 62 Community health workers trained
- 130 HCPs trained

Outcomes Achieved

Communities are more aware of NCD risks, prevention and have access to "early" diagnosis

HCPs have improved knowledge, confidence and tools to support Patient
