

We chase the *miracles* of science to improve people's lives.

Improving NCD Management in Primary Healthcare Facilities

Partner: PIH - Partners in Health

Country: Malawi

Website: [Home - Partners In Health \(pih.org\)](http://pih.org)

Duration: Jan'25 – Feb'27

Activity:

HCP Empowerment

Disease areas of focus:

Diabetes Cardio

Other Stakeholders:

- Ministry of Health

Project Overview

Capacity strengthening efforts for trainings and mentorship of health workers

Targeted Reach

- 200 of trained CHW
- 140 of trained Nurses

Outcomes Expected

Patients have easy access to medicines required

Medicines are consistently available

Communities are more aware of NCD risks, prevention and have access to "early" diagnosis

NCD Services and support are easily accessible to patients

HCPs have improved knowledge, confidence and tools to support Patient
