

We chase the *miracles* of science to improve people's lives.

Awareness & screening of diabetes & hypertension

Partner: Ordre de Malte France

Country: Guinea

Website: [Ordre de Malte France](https://www.ordre-malte.fr)

Duration: Jul'24 – Nov'25

Activity

Patient Care
HCP Empowerment

Disease area(s) in focus

Diabetes
Cardio

Other stakeholders:

- None

Project Overview:

The project in Middle Guinea aims to address knowledge gaps in the diagnosis and treatment of diabetes and hypertension and alleviate financial burdens associated with managing these chronic conditions, particularly impacting the elderly and uninsured populations.

Targeted Reach

- 10,000 people screened
- 2,500 patients diagnosed & linked to care (CV)
- 700 patients diagnosed & linked to care (Diabetes)
- 460 trained CHWs
- 106 trained Nurses
- 14 trained GPs

Outcomes Expected

Communities are more aware of NCD risks, prevention and have access to "early" diagnosis

Patients have improved knowledge and confidence to self - manage their condition

HCPs have improved knowledge, confidence and tools to support Patients
