

We chase the *miracles* of science to improve people's lives.

Scaling NCD Healthcare

Partner: Health Builders

Country: Rwanda

Website: [Health Builders](https://healthbuilders.org/)

Duration: Jul'23-Jun'26

Activity:

Patient Care
HCP Empowerment

Disease focus:

Diabetes
Cardio

Other Stakeholders:

- Rwanda Biomedical Center
- MOH Rwanda

Project Overview:

Raising Awareness, screening and building the capacity of CHWs for early detection and management of hypertension and diabetes in Nyabihu district

Targeted Reach

- 151,356 people reached out with awareness and education sessions
- 151,356 People screened
- 14,907 new patients diagnosed (CV/diabetes)
- 946 CHWs trained
- 34 Nurses Trained on NCD management

Outcomes Expected:

Medicines are consistently available

Communities are more aware of NCD risks, prevention and have access to "early" diagnosis

Patients have improved knowledge and confidence to self - manage their condition

HCPs have improved knowledge, confidence and tools to support Patient
