

We chase the *miracles* of science to improve people's lives.

Supporting NCD Care

Partner: PATH
Country: Mozambique
Duration: Jan'24-Sep'25

Activity

HCP Empowerment

Disease area(s) in focus

Diabetes Cardio

Other stakeholders:

Ministry of Health, Mozambique

Project Overview

Supporting noncommunicable disease care in Mozambique:

Capacity building of health workers to support management for NCDs, Technical assistance to integrate NCD outreach, awareness raising, follow-up, support, and treatment adherence and Rapid assessment of availability of medicines and commodities

Achieved Reach

- 37 HCPs trained on NCDs

Outcomes Achieved:

NCD Services and support are easily accessible to patients

- 3 facilities that are equipped with screening equipment and supplies based on needs assessment (blood pressure monitors, blood glucose monitors)

HCPs have improved knowledge, confidence and tools to support Patient

The training successfully covered 100% of trainers in Inhambane province, ensuring the implementation of planned activities..
