Bhutan

[ACCESS - Health International \(accessh.org\)](https://www.accessh.org)

- MOH,
- Khesar Gyalpo University of Medical Sciences of Bhutan

Duration: Dec'23 – Dec'25

Capacity building for NCD screening, prevention and management for health system stakeholders in Bhutan

Outcomes Expected:

Communities are more aware of NCD risks, prevention and have access to "early" diagnosis

Patients have improved knowledge and confidence to self - manage their condition

HCPs have improved knowledge, confidence and tools to support Patient

Targeted Reach

- 120 CHW trained
- 240 Health Care Professionals trained
- 29 Training programs conducted
